

LAND OF LITCHIS (East of Madagascar)

This holiday allows you to discover the eastern side of the Red Island. We cross the corridor of primary forest covering the steep slopes which tumbles down the Indian Ocean coast. Andasibe-Mantadia National Park (Perinet) has a unique wildlife, orchids and other rare plants, many species of lemurs, reptiles, amphibians...this exceptional nature can be explored on foot between waterfalls, rivers and rainforests. From Tamatave, the paradise island of Sainte Marie welcome us. Beaches, coconut palms but also a very cheerful people, the island is perfect for sea and land excursions. Its lush vegetation and various crops such as vanilla, cloves, coffee, cinnamon... give it a fresh and unique flavor. Humpback whales passing from mid-june to September makes it even more attractive.
